## **This is what we talked about:**

The school councillors were told that each class will hold a class meeting after each school meeting and they will write their classes comments into their book. Miss Noon told the children that they could raise any concerns they had in school

The children talked about enjoying playtimes now that class bubbles have ended. They were asked for suggestions to improve playtimes.

Here are their suggestions:

cars with a mat

Box of fidget and squishy toys

Colouring area

Transformers and Sylvanian families

Card games including snap, top trumps

Fairy and elf garden

Chalk

Musical instruments

Puzzles

Dolls house

Toy food

Frisbees, skittles and tennis balls

Teddies and other soft toys

Gardening area

Wooden hut

Football in the summer

They like the idea of a stage with voice changing microphones. They told Miss Moon that some children feet had become stuck in the pallets - the current stage. They like the idea of picnic tables.

## **This is what we decided to do:**

Miss Noon will share their ideas with Mrs Overton.
