Dear Parents and Carers,

Learning snapshot

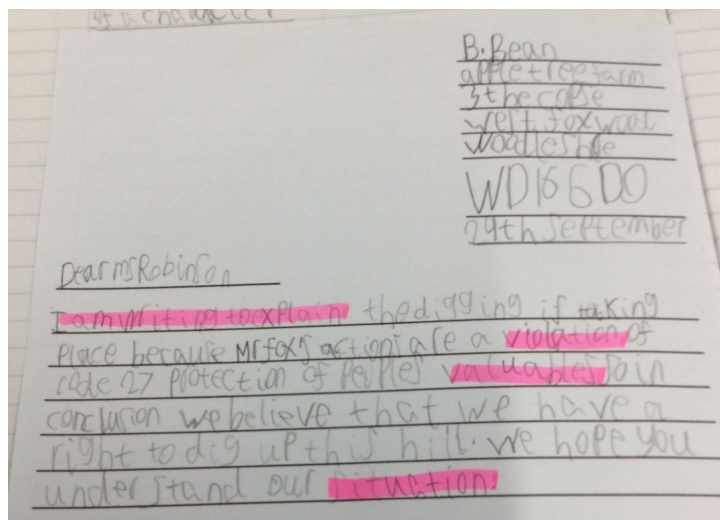

As part of their computing curriculum, Year 2 have been learning how to program sphero bots to move in different directions. There were squeals of excitement when they managed to get the bots to return to them!

Reception children have been busy making towers that exactly match.

Year 3 children have been writing 'formal' letters in English, this example includes some great ambitious vocabulary.

Let's celebrate

Well done to the following Dojo Certificates holders

EYFS & Year 1 Christmas production am

Sadly, no parents turned up to the PTA meeting other than one willing parent who is a staff member. This was possibly because of the scheduled meeting time at 5pm. We would like to reschedule this next week and will look at a 3:15 meeting start. We are happy for your children to join the after school club for free so that you can attend the meeting.

It's a sad situation to be in, without an active PTA there will be no school trips this year or visiting science workshops, visiting storytellers, Christmas theatre trips, raffles, farm visits, discos, leavers hoodies or new playground equipment for example.

School's are not funded for any of these events and we need a team of willing parent volunteers to help fundraise and organise them. Mrs Campbell will try one more time to arrange a meeting next week, we need at least 10 parents / carers to help please. It really isn't a huge commitment - just a couple of informal meetings a term and help with fundraising events.
